## Application for an Operation Permit Page 2 of 3

D. PURPOSE OF WELL (check all that apply)
Agricultural (The use of groundwater for: (1) Cultivating the soil to produce crops for human food, animal feed, or planting seed or for the production of fibers; (2) Practicing floriculture, viticulture, silviculture, and horticulture, including the cultivation of plants in containers or non-soil media, by a nursery grower; (3) Raising, feeding, or keeping animals for breeding purposes or for the production of food or fiber, leather, pelts, or other tangible products having a commercial value; (4) Planting cover crops, including cover crops cultivated for transplantation, or leaving land idle for the purpose of participating in any governmental program or normal crop or livestock rotation procedure; (5) Engaging in wildlife management as defined in Texas Tax Code Section 23.51(7); and, (6) Raising or keeping equine animals.)
Commercial (The use of groundwater to supply water to properties or establishments that are in business to build, supply or sell products, or provide goods, services or repairs and that use water in those processes, or to supply water to the business establishment primarily for employee and customer conveniences (i.e. flushing of toilets, sanitary purposes, or limited landscape watering).)
<b>Domestic</b> (use of groundwater by a residence (not a business or other commercial structure) to support essential domestic activity, including but not limited to: uses inside the residence; irrigation of lawns, flower beds, shrubs, trees shading the residence, or of a garden or orchard that produces vegetables and fruit for consumption within the residence and not for sale; protection of foundations; and non-commercial recreation associated with the residence.)
Industrial (Use of groundwater primarily in the building, production, manufacturing, or alteration of a product or goods, or to wash, cleanse, cool, or heat such goods or products.)
Irrigation (use of groundwater to supply water for application to plants or land in order to promote growth of plants, turf, or trees, other than for domestic use or purpose.)
Livestock (use of groundwater to provide water to domesticated horses, cattle, goats, sheep, swine, poultry, ostriches, emus, rheas, exotic deer and antelope, and other similar animals involved in farming or ranching operations. Dogs, cats, birds, fish, reptiles, small mammals, potbellied pigs, and other animals typically kept as pets are not considered livestock. Livestock-type animals kept as pets or in a pet-like environment are not considered livestock although providing water to such pets may be considered domestic use when associated with a residence.)
Public Water System (a system as defined in 30 Texas Administrative Code Chapter 290 for providing water for human consumption to the public.)
Retail Water Utility (as defined by Texas Water Code Section 13.002 and 30 Texas Administrative Code Section 291.3, any person, corporation, public utility, water supply corporation, municipality, political subdivision or agency operating, maintaining, or controlling within the District facilities for providing potable water service for compensation.)
Other (If the purpose of the well is other than described above, determine use based on definitions in District Rule 2.)
E. ANNUAL PRODUCTION
Annual maximum production requested in gallons per year or acre feet per year
Attach documentation and/or calculations in support of requested annual maximum production.
F. WATER AVAILABILITY / GEOPHYSICAL LOG  District Rules may require a 36 hour pump test and/or a geophysical log on wells requiring an operating permit. These
must be submitted to the District prior to the application being deemed administratively complete
G. WATER CONSERVATION PLAN
Attach a Water Conservation Plan

### H. DROUGHT CONTIGENCY PLAN

Attach a Drought Contingency Plan
