1. No sprinkler shall be operated between the hours of 10:00 A.M. and 8:00 P.M. Automatic sprinklers shall be equipped with rain sensors.
2. All ornamental fountains and water features shall be closed loop, re-circulating systems.
3. Any leaks shall be repaired immediately (some corrective action taken within 24 hours of notification).
4. Leak proof troughs should be used to provide water for livestock. Water troughs or any water receptacles with mechanical float controls shall be routinely inspected and properly maintained to prevent leaks and waste of water.
5. Foundation watering shall be accomplished by a drip system or a hand-held hose and may be done any day before 10:00 A.M.
6. A positive shutoff valve shall be used when washing vehicles or equipment.
7. When not in active use, swimming pools should have at least 80% of some form of surface cover to limit the evaporation of water.
8. The District encourages the use of reclaimed, recycled, or re-use water for construction activities.
9. Groundwater may be added to pools to replace water lost due to use or evaporation.

**Pools may be filled with groundwater**

- Use of groundwater to fill or refill swimming pools is prohibited except on designated watering days during the designated watering hours.
- The filling and refilling of pools, other than portable wading pools, with groundwater is prohibited.
- The filling and refilling of pools, other than portable wading pools, with groundwater is prohibited. Groundwater may be added to pools to replace water lost due to use or evaporation.

**Exempt domestic and livestock wells are allowed to supplement surface impoundments, fountains, and ornamental ponds based on the watering schedule**

- Exempt domestic and livestock wells are allowed to supplement surface impoundments, fountains, and ornamental ponds based on the watering schedule.
- No groundwater shall be pumped into surface impoundments at any time. Filling of ponds, lakes, tanks, fountains, ornamental ponds, reservoirs or other surface impoundments with groundwater is prohibited. The operation, other than for basic filtration and/or recirculation, of any ornamental fountain or pond for aesthetic or scenic purposes is prohibited. Surface impoundments with less than 250 ft² of surface area may add groundwater only to replace water lost due to evaporation.
- No groundwater shall be pumped into surface impoundments at any time. Filling of ponds, lakes, tanks, fountains, ornamental ponds, reservoirs or other surface impoundments with groundwater is prohibited. The operation, other than for basic filtration and/or recirculation, of any ornamental fountain or pond for aesthetic or scenic purposes is prohibited. Surface impoundments with less than 250 ft² of surface area may add groundwater only to replace water lost due to evaporation.

**Lawn and turf grass watering by hose-end sprinklers, automatic sprinklers, soaker hoses, or drip irrigation is allowed before 10:00 A.M. and after 8:00 P.M. Hand held hoses are allowed at any time.**

- Lawn and turf grass watering by hose-end sprinklers, automatic sprinklers, soaker hoses, or drip irrigation is allowed one day a week based on the District's watering schedule. Sprinklers are allowed on the watering day before 10:00 A.M. and after 8:00 P.M. No sprinklers or sprinkler systems are allowed between the hours of 10:00 A.M. and 8:00 P.M. Hand-held hoses are allowed at any time.
- Lawn and turf grass watering by hose-end sprinklers, automatic sprinklers, soaker hoses, or drip irrigation is not allowed. Lawn and turf grass watering must be accomplished by hand-held hose on designated watering days before 10:00 A.M. and after 8:00 P.M.
- Hand-held hoses or hand-held buckets are allowed any day before 10:00 A.M. and after 8:00 P.M. for landscape other than lawns and turf grass.
- Hand-held hoses or hand-held buckets are allowed any day before 10:00 A.M. and after 8:00 P.M. for landscape other than lawns and turf grass.

**Home vegetable and fruit gardens may be watered any day before 10:00 A.M. or after 8:00 P.M. with a drip system, hand-held hose or hand held buckets.**

- Home vegetable and fruit gardens may be watered at any time with a drip system, hand-held hose or hand held buckets. Sprinklers are allowed only before 10:00 A.M. or after 8:00 P.M.
- Home vegetable and fruit gardens may be watered any day before 10:00 A.M. or after 8:00 P.M. with a drip system, hand-held hose or hand held buckets only.
- Home vegetable and fruit gardens may be watered any day before 10:00 A.M. or after 8:00 P.M. with a drip system, hand-held hose or hand held buckets only.

**Groundwater may be added to pools to replace water lost due to use or evaporation.**

- Exempt domestic and livestock wells are allowed to supplement surface impoundments, fountains, and ornamental ponds based on the watering schedule.
- The filling and refilling of pools, other than portable wading pools, with groundwater is prohibited.
- The filling and refilling of pools, other than portable wading pools, with groundwater is prohibited. Groundwater may be added to pools to replace water lost due to use or evaporation only on the designated watering day.

**Use of groundwater for construction activities is prohibited, unless authorized by an operating permit.**

**Use of groundwater to wash any vehicles or equipment is prohibited, unless authorized by an operating permit.**

**The issuance of new well drilling permits, operating permits and amendments may be suspended except to replace an existing well.**

**Other measures deemed necessary by the Board to protect public health and safety.**
